

MIND FORWARD BRAIN INJURY SERVICES

PRESENTS

BELLA NOTTE

AN EVENING IN VENICE TO SUPPORT THE BRAIN INJURY COMMUNITY

SPONSORSHIP PACKAGE

FRIDAY, MAY 1ST, 2026
SPEDUCCI MERCATTO

WWW.MINDFORWARD.ORG/BELLA-NOTTE

ONE MEANINGFUL NIGHT TO CELEBRATE. ONE COMMUNITY TO UPLIFT. ONE MISSION GUIDING US FORWARD.

BUILDING BRIDGES TO RECOVERY

Venice is a city of bridges - iconic structures that connect islands, creating pathways where there was once only water. At Mind Forward, we build a different kind of bridge for individuals navigating the complex journey of recovery after a brain injury.

Every day in our communities, someone's life changes in an instant. A fall. A stroke. A collision. What follows is often an uncertain journey that no one should navigate alone. Mind Forward Brain Injury Services exists for that moment and every moment after.

We are a nonprofit organization providing the full spectrum of community-based support: housing services, therapeutic programs, mental health care, caregiver support, and personalized pathways that help people rebuild meaning, connection, and independence. We meet people where they are, and walk with them as they move forward.

The people we serve come from all backgrounds and all stages of life. ABI can affect physical, cognitive, and emotional health, and many also

face challenges related to mental health, addiction, and social isolation. Our goal is to ensure that clients receive coordinated, compassionate, and informed care. Because recovery and stability require more than one service; they require a system of support.

YOUR PARTNERSHIP MATTERS

Behind every success story is a community of people who choose to invest in opportunities for our clients.

Sponsorship strengthens the programs that help brain injury survivors learn new skills, build relationships, and reclaim their independence.

Your partnership has the power to change someone's life. Join us in reaching our **\$40,000** goal through Bella Notte. These are funds that will directly support client programs and therapeutic services across our organization.

If sponsorship isn't the right fit, there are many other ways to make an impact. A one-time gift, a monthly donation, or a contribution in honour of someone you care about goes a long way.

To give, please visit www.mindforward.org/donate.

2025 SNAPSHOT

In 2025, Mind Forward delivered more services to more people than ever before in our 34 years of existence. Through program expansion, better navigation pathways, and new community-based initiatives, including our VISTA vocational program and ReNEW Concussion Transition program, our ability to support individuals with ABI at every stage of their journey continues to grow.
